

WORLD TITANIUM RESOURCES

ENVIRONMENTAL POLICY

It is the policy of World Titanium Resources Limited (the “Company”) to achieve and maintain environmentally sound and efficient management practices for its operating, exploration and mining activities.

The overriding objectives of this policy are:

- To comply with the applicable environmental laws, regulations, tenement and permit conditions as a minimum standard for its environmental practices and management procedures;
- To integrate environmental and rehabilitation processes into exploration, mine planning, mining and processing activities;
- To liaise with Government bodies, statutory authorities, local communities and environmental management groups to maintain a proactive stance on environmental issues;
- To facilitate the education of employees and contractors in relation to their roles and responsibilities in environmental management in respect to the Company's activities; and
- To undertake regular monitoring, audit and review of environmental procedures or practices as are appropriate to reflect the Company’s corporate responsibility in environmental matters.

Each employee has a responsibility to conduct herself or himself in manner intended to achieve these objectives. For the purposes of this policy, ‘employee’ includes any consultant or contractor to the Company.

The Policy will be reviewed as required and at least annually. Any amendments to the Policy will require approval from the Board.
